Dear XXXXX,

I write in connection with your request for information dated 30th September 2021, concerning violent and sexual offences crime mapping.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Following receipt of your request, research was conducted by the Business Intelligence department and Senior Analytics Developer at Wiltshire Police.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

I have been redirected to contact the FOI departments of each constabulary by the NPCC FOI department. My original query was regarding Police.uk crime data.

I wish to make a request for data regarding the Violence and Sexual Offences category from the Police.uk crime data category mappings.

At present the data downloadable from Police.uk crime data only contains the aggregated category (eg. Violence and Sexual Offences), whereas I would like this data broken down by sub-class (eg. Homicide, Violence with Injury etc) and if possible by offence (eg. Attempted Murder, Threats to Kill, etc) (see enclosed mapping sheet and data download from Police.uk for reference).

I would like the crime month, reported by, falls within, longitude, latitude, location, Isoa code, Isoa name, crime type category, crime type sub-category, and crime type offence fields - effectively the same format as on Police.uk data but including the crime category, sub-category, and offence - for all crime data from each constabulary going back to January 2019.

Our response:

The information you are requesting is not stored in a way which permits for easy retrieval. At present, Wiltshire Police do not have the capacity to map locations / offences to their Lower Super Output Area (LSOA). To determine whether this information is held, a manual review would be required for each offence since January 2019.

INVESTOR IN PEOPLE

Wiltshire Police have a technical solution that we are working on and we hope to be in a position to be able to provide this data from January 2022. Please try request this information again in a few months, as then it will be likely the Force will be in a position where we are able to respond to this part of your request.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it. Therefore the whole of the request should fall under the exemption of section 12 of the Freedom of Information Act 2000.

Please also note that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Ordinarily under our Section 16 obligation to provide advice and assistance we would advise you of a way to refine your request to a more manageable level. Due to the difficulties in obtaining the requested information, as outlined above, I cannot think of a way in which this could be achieved.

Although excess cost removes the Forces' obligations under the Freedom of Information Act, as a gesture of goodwill I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.

Please see attached Excel spreadsheet.

Please note, the data has been sanitised prior to disclosure to ensure there is not any tactically sensitive or third party data within the spreadsheet.

Section 17 of the Freedom of Information Act 2000 requires Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12 – Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with section 17 of the Act, this letter represents a Refusal Notice for this particular request.

Please contact me if you would like to discuss the withheld information.

Yours sincerely

Abigail Standidge
