Dear,

I write in connection with your request for information dated 29/03/2022 concerning injuries to police officers.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am able to respond as follows.

You wrote:

Please may I request any information you hold on injury to police officers in the last 10 years. I understand that you may not have comprehensive data for all of the last 10 years; I will accept any relevant data from the past 10 years. I do not require personal details and I am specifically requesting the following items:

- Type of injury – e.g. sprain, broken bone, burn, laceration
- Which body part(s) was injured
- How the injury came about e.g. during arrest, RTC, trip
- The amount of time taken off work
- Officer – age, gender, years of service and role

Response

Please note the following:

- Data is live and correct as of 12th April 2022
- Data includes accidents resulting in injury and violence and assaults resulting in injury up to 12th April 2022
- Data is only available for the previous 24 months (so is from 12th April 2020 – 12th April 2022)
- Data is taken from the forces Health and Safety system and therefore there will be discrepancies between this data and that held on our crime recording system. Please note this may differ from other published FOIs / data requests as from a different source. Due to the requester asking for specific areas to return, this is the rationale of extracting information from this data source.

INVESTOR IN PEOPLE

- We cannot provide details on how the injuries were sustained and type of injury as this would involve a manual perusal of each individual record and the details section to determine how the injury was sustained
- Officer Sex at Birth has been used for the purpose of this data to ensure data accuracy
- Officer age has been included as Age Today – to determine the officer's age at the time of incident would involve a manual review of date and date of birth which would take an extended period of time to determine

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from Wiltshire Police, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing to the:
Force Disclosure Unit
Wiltshire Police Headquarters,
London Road, Devizes,
Wiltshire,
SN10 2DN

Email at disclosure@wiltshire.police.uk.

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Force Disclosure Unit within 20 working days of the Force's response to the original FoI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to 40 working days.

The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the Independent Decision Maker will reply to the complainant with the result of the review. If the complainant is still dissatisfied following the review they should

contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following details:
