Dear,

I write in connection with your request for information dated 13/05/2022 concerning road traffic collisions on the B4040.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am able to respond as follows.

In the last 10 years could you kindly answer the following;

What are the number of injury road traffic collisions which have occurred at the B4040 Chelworth crossroads?

Overall how many people have been injured as a result of road traffic collisions at the B4040 Chelworth crossroads

How many people have been killed or classed as seriously injured (KSI) at that location?

How many non-injury road traffic collisions have occurred at the B4040 Chelworth crossroads.

How many prosecutions have taken place at that location specifically in relation to either careless or dangerous driving linked to failing to navigate the crossroads correctly?

Response

There were 8 injury collisions at Chelworth Cross Roads between 1st January 2011 and 30 November 2021. Unfortunately records from 1st December 2021 to the current time are currently not available via the system used to provide this data.

INVESTOR IN PEOPLE

The figures show that during this time period there were 15 people injured, one being classed as a serious injury.

I am aware that there have been two further injury collisions at this location during 2022, one of them being a serious injury. No further details can be given in relation to these collisions at this time.

Out of the 8 injury collisions, 4 resulted in prosecution at Court, 2 resulted in drivers being offered National Driving Courses, one driver surrendered his licence and one collision was recorded no further action, there being no allegations with details exchanged for insurance to progress.

It is difficult to say accurately how many non- injury collisions there have been at this location as the address appears to be input different ways.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely

Force Disclosure Decision Maker
