Ref: FOI 2022/614

Dear,

I write in connection with your request for information dated 27th July 2022 concerning football related incidences.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and after having consulted our Football lead and our Performance Team – I am now able to respond as follows.

You wrote:

1. Are you able to confirm the name/type of database/crime management system that is used to log incidents and offences?
2. Within the said database/crime management system are there any specific markers or flags for 'football', 'football-related', 'football incident' and/or 'football violence and disorder'?
3. How do you provide the UK Football Policing Unit with information concerning football-related incidents and arrests for disorder and violence?

Our response:

1. Incidents and offences are logged on the Niche RMS. Incident logs are also recorded on the STORM system where the Police are called to an incident or if a log is created for an operation/event.
2. Within Niche RMS we do not have any specific flags or markers that relate to 'Football' matters. On STORM, there is a tag which has the selection of "football" and unit type of "football"; however, it is uncertain how reliable this tag would be at pulling across comprehensive football related crimes or incidents.

3. A report is submitted to the UKFPU following each regulated football match.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,

Force Disclosure Decision Maker
