Ref: FOI 2022/665

Dear,

I write in connection with your request for information dated 16th August 2022 concerning Data Scientist roles within the force.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and after having consulted the Performance Team – I am now able to respond as follows.

You wrote:

- How many 'Data Scientist' roles exist within your police force at present (split into assistant/junior/senior if relevant);
- If these roles exist, what is the salary range (starting salary and salary ceiling)?

Our response:

There is one Data Scientist role within the force. The role "Data Scientist" has been extracted from their job title and there is no applicable classification of junior, senior etc.

The pay scale for this role starts at £32,136 and the ceiling is £33,846 (band W9).

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,

Force Disclosure Decision Maker
