Dear ****,

I write in connection with your request for information dated 22nd June 2023 concerning Undercover operations in 2015.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

You wrote:

1. For the calendar year 2015, how many times was the deployment of an undercover operations involving one or more undercover officers considered?
2. For the calendar year 2015, how many undercover operations involving one or more undercover officers were actually implemented?
3. For the calendar year 2015, how many of the implemented undercover operations resulted in convictions?

Response:

The information that you are requesting namely for questions 1 is not stored in a way which permits easy retrieval. We currently do not have the capability within our systems to flag for this information which can then be analysed quickly and easily.

The ascertaining of this information would only be possible by physically reading every single crime report during the year of 2015, Wiltshire Police average on 40,000 crimes per year. As a result, we would be required to manually trawl through 40,000 crime reports to determine the requested information.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it.

Please also note that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Ordinarily under our section 16 duty to provide advice and assistance, we would advise you how to refine your request in respect of question 1 to a more manageable level. However, due to the difficulties outlined above, I cannot see how this can be achieved in this particular case. Please note although question 1 cannot be answered within the time frame, please be aware that if you re-submit the remaining questions these may incur further exemptions.

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12: Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely

Force Disclosure Decision Maker
