Ref: FOI 2023/903

Dear,

I write in connection with your request for information dated 18th September 2023 concerning press releases.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

You wrote:

Please can you share all press releases pertaining to crimes in Swindon and Wiltshire that were prepared by the Wiltshire Police Press Communications Team but not released publicly for 2022 and 2023 so far

Please can you also share any press releases that were prepared in advance by the Wiltshire Police Press Communications Team on an 'if asked' basis that were not shared with a media outlet because no requests were made for them from 2022 and 2023 so far.

Our response:

The information that you are requesting for the majority of your request is not stored in a way which permits easy retrieval. This is because in order to locate and retrieve the information you require, this would involve us having to manually look through every input of data on our media database for the years 2022 and 2023 so far – of which there would be thousands to sift through. Therefore, this would undoubtedly take us well over the allocated time frame we have to furnish your request within and as a result, this information is exempt from disclosure.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a

flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it.

Please note, that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Ordinarily under our Section 16 duty to provide advice and assistance, we would advise you how to refine your request to a more manageable level. However, due to the difficulties outlined above, I cannot see how this can be achieved in this particular case. If we were able to extract this information easily and accurately, further exemptions would likely still apply because the information would no longer be contemporaneous and might be operationally sensitive.

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12 – Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with Section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,

Force Disclosure Decision Maker
