Ref: FOI 2023/888

Dear,

I write in connection with your request for information dated 30th August 2023 concerning Op Ipsum.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and after having consulted various departments – I am now able to respond as follows.

You wrote:

It is my understanding is that a national database called Op Ipsum exists to hold information on how multiple agencies should respond to a small number of HIUs.

I would like to request any information you hold on this including number of individuals in your area on the database and any other materials held.

Clarification (received 21/09/23):

HIU refers to "high intensity users" (sometimes referred to as "high impact users") of emergency services / mental health services.

Our response:

There is no information held with regards to Op Ipsum.

Under our Section 16 duty to provide advice and assistance where we can, please note that although Wiltshire Police does not hold any information specifically about Op Ipsum, in respect of HIU's more generally, there was an approach taken by health services (SIM - Serenity Integrated Mentoring) with which some Police forces may have engaged.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,

Force Disclosure Decision Maker
