Dear ,

I write in connection with your request for information dated 21/11/2023 concerning gamma rays, attaching shadows etc.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

A) Do you have any policies regarding masturbation by serving police officers, whilst on duty or masturbating to evidence whilst off-duty?

I have information that the police are routinely masturbating to people's abuse videos recovered during investigations

B) I have also information that the police can recover abuse memories through Liquid Crystal Displays (LCDs) and Custom Operating Systems (OSes) if enough points of lights or photons have been suicided into them. Please confirm or deny if this is the case.

C) I have also information from the destroyers dimension (transverse waves) that they are remotely programming individuals using leafpad (double-sided A1/A2 touchscreen) technologies - harnessing the power of Satan (a dimension 90 degrees to reality) to remotely view an individual's life.

D) I have also information that they are able to integrate shadows from others into serving police officers. Shadows appear to created from traumatic splits in the auric field of a personality or avatar. Please confirm or deny.

Proud to serve and protect our communities

E) I have also information that police have cognizance of the fact that Water Companies have been polluting or adding Buckyballs, Carbon-60, other fullerenes or a variant thereof to the water supply.

F) Please confirm or deny that the police, nor any third party or civilian contractors use "gamma ray detectors" or "density detectors" in any part of their civilian infrastructure or during working hours.

G) Legality or illegality of gamma ray detectors or density detectors and their use in Police Stations and Mental Health Hospitals, or any other Medical Establishment in Patients Rooms or otherwise.

Answers for A – G:
No information held.

In answer to the first question such behaviour would be a breach of the Code of Ethics and the Police (Conduct) Regulations 2020. Although neither specifically refers to masturbation, on or off duty, or misuse of evidence off duty, such action would be seen as bringing discredit on the police service and/or undermining public confidence in policing.

Section 17 of the Freedom of Information Act 2000 requires Wiltshire Police, when refusing to provide information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies. In accordance with the Freedom of Information Act 2000 this letter acts as a Refusal Notice for those aspects of your request.

Exemptions applied:

No information held (NIH)

Yours sincerely

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from Wiltshire Police, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing to the:
Force Disclosure Unit
Wiltshire Police Headquarters,
London Road, Devizes,
Wiltshire,
SN10 2DN

Email at disclosure@wiltshire.police.uk.

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Force Disclosure Unit within 20 working days of the Force's response to the original FoI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to 40 working days.

The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the Independent Decision Maker will reply to the complainant with the result of the review. If the complainant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following details:

Information Commissioner's Office
