Ref: FOI 2024/058

Dear,

I write in connection with your request for information dated 12th January 2024 concerning crimes on the metaverse.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

You wrote:

How many crimes on the metaverse have been reported to your force since 2021? By Metaverse, I mean a virtual-reality space in which users can interact within a computer-generated environment such as Meta's game Horizon Worlds. If possible please can you detail the nature of the offence alleged, time of the reporting and decision in the case whether to investigate or not.

Our response:

The information that you are requesting for the majority of your request is not stored in a way which permits easy retrieval. This is because reports that may involve mention of the metaverse will not be recorded in such a way that'd make these types of reports easily identifiable and retrievable from our system(s). Therefore, the only way in which we would be able to accurately obtain whether there have in fact been any reports made relating to the metaverse, we would have to physically peruse through all crimes reported over the last 3 years in order to see whether we hold this information.

As a result, under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it.

Proud to serve and protect our communities

Please note, that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Ordinarily under our Section 16 duty to provide advice and assistance, we would advise you how to refine your request to a more manageable level. However, due to the difficulties outlined above, I cannot see how this can be achieved in this particular case.

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12(2) – Exemption where cost of compliance exceeds appropriate limit

In accordance with Section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,

Force Disclosure Decision Maker

Wiltshire Police offers a re-examination of your case under its review procedure.
