Date: 29th February 2024

Ref: FOI 2024/248

Dear,

I write in connection with your request for information dated 27th February 2024 concerning nitrous oxide.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and after having consulted our HQ Crime department – I am now able to respond as follows.

You wrote:

Why hasn't the police force collected any nitrous oxide cannisters, and made any charges against people in possession of these cannisters?

(This request is a follow-on from previous request FOI 2024/205).

Our response:

In relation to why the force has not collected any nitrous oxide cannisters and have not made any charges with regards to the possession of these cannisters since the offence came in back in November 2023 – there is no information held.

Please note, that we have previously seized such cannisters prior to the new legislation coming into place, however, in order for us to accurately obtain how many nitrous oxide cannisters have been seized prior to the new legislation, this would involve us having to manually search through all of our previous property seizures.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Proud to serve and protect our communities

Yours sincerely,

Force Disclosure Decision Maker
