Hi, I am currently working on my final year dissertation and my question is 'How does mental health affect the rate of homicides in the whole of the UK and different countries?' and I was wondering if I would be able to get data on how many people who committed homicide was suffering with mental health issues during the time period of January 2013 to January 2023 as this would be a great help to my final piece.

Our response:

1 homicide tagged with a NICL Qualifier for Mental Health
