I write in connection with your request for information dated 23rd July 2024 concerning cyclist's and bike thefts.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am now able to respond as follows.

You wrote:

I am writing to you Under The Freedom of Information Act 2000, to ask if you could you kindly answer the following questions relating to traffic offences, cycling and road use:

- 1) Between 1st July 2023 and 1st July 2024, the number of reported road incidents where a cyclist was injured
- 2) Between 1st July 2023 and 1st July 2024, the number of reported incidents where a cyclist was physically or verbally assaulted by a pedestrian or another road user
- 3) The number of reported bike thefts between 1st July 2023 and 1st July 2024
- 4) If reported as such, the street/area where the these offences were most likely to occur
- 5) If these have risen or fallen year on year

Our response:

The information that you are requesting for the majority of your request (namely question 2) is not stored in a way which permits easy retrieval.

Wiltshire Police does not have a specific crime classification for a cyclist being physically or verbally assaulted, and therefore these offences are recorded under the general code for 'assault'. Additionally, we do not currently have the capability within our systems to specifically record information which may otherwise enable easier searches for information. This includes recording the specific details of an assault or if they were a pedestrian or road user, the details of which would be included within the crime report, victim / Officer statements, free text of the call log report etc.

To establish this information would require manually reviewing each occurrence recorded as 'assault' within the requested period.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it.

Please note, that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Although excess cost removes the forces' obligations under the Freedom of Information Act, as a gesture of goodwill I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request. What I am able to provide you are the answers documented below –

Question 1

Due to a backlog of inputting and the software, we are only able to provide data for 1/07/2023-29/02/2024.

The number of collisions where a cyclist has been injured within the dates above is 92

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12: Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with Section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,
Force Disclosure Decision Maker

Wiltshire Police offers a re-examination of your case under its review procedure.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from Wiltshire Police, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing to the:

Force Disclosure Unit
Wiltshire Police Headquarters,
London Road, Devizes,
Wiltshire,
SN10 2DN

Email at disclosure@wiltshire.police.uk.

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Force Disclosure Unit within 20 working days of the Force's response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to 40 working days.

The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

Proud to serve and protect our communities

4. Conclusion of the Appeal

On completion of the review the Independent Decision Maker will reply to the complainant with the result of the review. If the complainant is still dissatisfied following the review, they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following details:
