2023	She has reported ongoing exposure and "dogging" behind her house to Police.	Bromham	28/07/2023	07:22:06

Please note, that a wildcard search only searches for the keyword within the summary of the occurrence and due to this, it does not necessarily suggest that the keyword is used in the context that you are after the information for. Not only this, but reports relating to 'dogging' may not have used the word 'dogging' within the occurrence summary, but it may have been noted within the log itself and without manually going into each and every log, we would be unable to obtain this information accurately. Therefore, please be mindful that the positive results that have come back may not be a true reflection of how many reports have been received in relation to 'dogging'.

Section 17 of the Freedom of Information Act 2000 requires the Constabulary, when refusing to provide information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies. In accordance with the Freedom of Information Act 2000, this letter acts as a Refusal Notice for those aspects of your request.

Exemption applied:

Section 40(2) – Personal Information

Section 40 is an absolute exemption and there are no requirements for any consideration of potential harm, or public interest in its application.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from Wiltshire Police, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing to the:

Force Disclosure Unit
Wiltshire Police Headquarters,
London Road, Devizes,
Wiltshire,
SN10 2DN

Email at disclosure@wiltshire.police.uk.

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Force Disclosure Unit within 20 working days of the Force's response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to 40 working days.

The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the Independent Decision Maker will reply to the complainant with the result of the review. If the complainant is still dissatisfied following the review, they should contact the Information Commissioner to make an appeal.
