Our Ref FOI 2024-880

Dear XXXXX,

I write in connection with your request for information dated 3rd October 2024, concerning child trafficking, NHS employees and ambulances.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Following receipt of your request, research was conducted by the Business Intelligence department at Wiltshire Police.

Your request for information has now been considered and I am able to respond as follows.

You wrote:

Note - This request is a new request in relation to FOI 2024-799. Please refer to the previous response letter for additional context ([foi-2024-799-child-trafficking.pdf \(wiltshire.police.uk\)](#)).

Where any of these incidents traced to an employee in the NHS? If so, is it possible to establish that such NHS employee worked in the Ambulance Service?

Where any ambulance vehicles identified in connection to any of these cases?

Our response:

Our Business Intelligence department have kindly read through each occurrence log for the 63 reported incidents returned as a result of searches for FOI 2024-799.

They could not see any mention of NHS or Ambulance employees connected with these matters, nor could they see any mention of ambulances identified in connection with these.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Requests for review of a Freedom of Information request must be made in writing to the:

3. Review Procedure

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response.
