Ref: FOI 2024/920

Dear,

I write in connection with your request for information dated 17th October 2024 concerning reports involving social media websites.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and after having consulted our Business Intelligence team – I am now able to respond as follows.

You wrote (original request, dated 31/10/24):

Under the FOI Act please could you provide me with a list of criminal complaints made since the beginning of 2020 about behaviour on the following platforms: Roblox, TikTok, OnlyFans, Facebook, Instagram, Twitter/X, Snapchat, Whatsapp, LinkedIn, YouTube and WhatsApp.

Please could you provide details/a categorisation of the alleged offence (e.g. harassment, sexual grooming, etc.), the month of the alleged offence, the age of the crime's victim, and the status of the case (i.e. arrest, arrest no charge, arrest and charge, no arrest, etc.) as of today.

Request amendment, dated 17/10/24:

I sent through an FOI request earlier that asked for information about crimes and social media. I sent this widely to several police forces and have received some requests for clarifications. I thought it would be helpful to amend the request as below (please let me know if any other questions arise from this):

For the time period : 2020 to current date (calendar years).
Please provide a keyword search for crimes (reported crimes and incidents) with the following keywords:

Roblox
TikTok
OnlyFans,
Facebook,
Instagram,
Twitter
X
Snapchat,
Whatsapp,
LinkedIn,
YouTube
WhatsApp.

For each keyword please provide on separate tables:

Crime title
Age of victim
Outcome of the crime (arrest, charge, found guilty at court, not guilty, etc.)
Month of the crime

Our response:

A wildcard search has been carried out on the keywords requested and the information obtained from these searches have been provided below. Please note, that wildcard searches always come with the caveat that they are notoriously unreliable, and this is because a wildcard search only searches for keywords within the summary of a report and no further. Due to this, there could well be other reports that contain mention of these terms that might be stated within crime report itself, call log and/or statements for example, that this wildcard search would not have otherwise picked up. Also, if the keywords are spelt slightly differently within the summary of an occurrence or may have been mis-spelt in any way, then the wildcard search again, would not pick this information up. Without manually trawling through each crime report there is for the time frame requested in order to obtain the totality of the information we hold regarding these social media sites, then we would be unable to obtain this information in full accurately for you.

Also, you will see that results for the social media site "X" have not been provided and this is because, as mentioned above, a wildcard search only searches for specific words (or letters in this case) within the summary of the report and no further, and as you can imagine, there would be an incredible amount of reports brought back from searching for the letter "X" alone, as of course, this letter can be found in a number of words. Therefore, in order to determine what reports relate specifically to that of the social media website "X", we would have to physically peruse through each occurrence summary that was brought back from these results (which would undoubtedly go into the hundreds if not thousands) which would engage the time/cost exemption. However, the remaining information requested has been supplied to you below:

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,

Force Disclosure Decision Maker

Wiltshire Police offers a re-examination of your case under its review procedure.

Force Disclosure Unit

Wiltshire Police HQ, London Road, Devizes, Wiltshire SN10 2DN

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from Wiltshire Police, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing to the:

Force Disclosure Unit
Wiltshire Police Headquarters,
London Road, Devizes,
Wiltshire,
SN10 2DN

Email at disclosure@wiltshire.police.uk.

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Force Disclosure Unit within 20 working days of the Force's response to the original FOI request.

3. Review Procedure

Proud to serve and protect our communities

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to 40 working days.

The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the Independent Decision Maker will reply to the complainant with the result of the review. If the complainant is still dissatisfied following the review, they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following details:

Information Commissioner's Office
