Ref: FOI 2024/1049

I write in connection with your request for information dated 26th November concerning drones.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am now able to respond as follows.

You wrote:

- 1) The budget of your force.
- 2) If your force has a dedicated team for drone usage.
- 3) The number of drones your force possesses.
- 4) The brand(s) of these drones.
- 5) The number of cases/situations these drones were deployed in from 2022 to 2023.
- 6) The types of cases/situations these drones were deployed for.
- 7) If drones have been deployed in tandem with each other.
- 8) If the usage of a drone swarm is being researched or otherwise investigated for use.

Drones, as defined by the Civil Aviation Authority, relate to Unmanned Aerial Vehicles (UAVs) for the purpose of the above requests.

Our response:

The information that you are requesting for the majority of your request is not stored in a way which permits easy retrieval as this information is held by in several databases which are not easily searchable.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it.

Please note, that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Although excess cost removes the forces' obligations under the Freedom of Information Act, as a gesture of goodwill I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request. What I am able to provide you are the answers documented below –

Question 2

Yes

Question 6

Most deployments vary between:

- Missing persons
- Public Order events
- Searching for vehicles or suspects
- Surveillance
- Intelligence gathering
- Investigation of crimes and RTC's

This is not an exhaustive list which is impossible to provide due to the varied nature of the ability to use a drone.

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12: Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with Section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely,
Force Disclosure Decision Maker
