I write in connection with your request for information dated 9th January concerning spiking incidents involving vapes.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am able to respond as follows.

You wrote:

Under the Freedom of Information Request please provide the following information:

Confirmed or suspected spiking incidents involving vapes or similar over the last 5 years (2020, 21, 22, 23, 24 – i.e. attended / charged / investigated incidents)

I would like this information broken down by the following, where available:

Age

Gender

Whether the incident occurred at a place of education, for example school or college

Whether the victim required any treatment at hospital

Date of the incident

The drugs involved i.e. spice, nitazenes

Background:

I don't know how these offences may be recorded in your system, but the range of crimes listed could include:

Administering drug with intent to commit indictable offence

Administering poison so as to endanger life

Use of noxious substances or things to cause harm and intimidate

Administering poison with intent to injure or annoy

Administering a substance with intent

Keeping Wiltshire Safe

Please where possible cross reference these offences with records that directly mention spiking and vapes.

Response:

The type of information you require is not stored in a way which allows for easy retrieval. There is no tag for us to be able to search on our systems for vapes, e-cigarettes etc., therefore, in order to find the information that you have requested, we would need to manually peruse all crime reports and pocket notebooks within the timeframe given to determine whether or not they are relevant to your request.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it. Therefore the whole of the request should fall under the exemption of section 12 of the Freedom of Information Act 2000.

Ordinarily under our Section 16 duty to provide advice and assistance, we would advise you how to refine your request to a more manageable level. However, due to the difficulties outlined above, I cannot see how this can be achieved in this particular case.

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12: Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with Section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely

Force Disclosure Decision Maker

Wiltshire Police offers a re-examination of your case under its review procedure.
