Dear ,

I write in connection with your request for information dated 22/07/2025 concerning crop circles in Wiltshire.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

I am writing under the Freedom of Information Act 2000 to formally request any available records, reports, or internal communications related to an incident reported by an off-duty police officer on or around July 6, 2009, near Silbury Hill, Avebury, Wiltshire.

REQUEST 1:

According to media reports (e.g., The Telegraph, UPI, and others), the officer claimed to have encountered three unusual figures-described as tall, blond individuals in white coveralls-examining a freshly formed crop circle. The officer reportedly stopped his vehicle, approached the figures, and then experienced a sound described as "static electricity" before the figures fled at an unusually high speed. The officer is said to have later contacted UFO researchers and reported additional unexplained phenomena occurring at his home in Marlborough.

In particular, I am requesting access to:

Any internal Wiltshire Police reports, logs, call records, incident summaries, or officer notes associated with this event.

Keeping Wiltshire Safe

Any correspondence (internal or external) referencing this officer's report, including but not limited to communications with outside researchers (e.g., Andrew Russell or Colin Andrews).

Any formal or informal investigations, documentation, or follow-up activity related to crop circle sightings or alleged paranormal phenomena in the Marlborough/Avebury area between June 30 and July 15, 2009.

Any documentation regarding statements by a Wiltshire Police spokesperson that this was considered a "personal matter," as cited in the media.

REQUEST 2: Also, if there are any other police reports in Wiltshire that have to do with the many crop circles in the area, I'd love to get a copy of those.

REQUEST 3: On another note, I will be in the Wiltshire area in the coming weeks and would love to be connected with someone locally who may be able to speak to the crop circle phenomenon, from a law enforcement perspective. Our show focuses heavily on local law enforcement and military/government accounts.
Thank you in advance for your time and assistance!

Response:

Section 1 of the Freedom of Information Act 2000 (FOIA) places two duties on public authorities. Unless exemptions apply, the first duty at s1(1)(a) is to confirm or deny whether the information specified in a request is held. The second duty at s1(1)(b) is to disclose information that has been confirmed as being held.

Whilst I can confirm Wiltshire Police do hold the requested information, section 12(1) of the FOIA states:-

Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

The type of information you require is not stored in a way which allows for easy retrieval. When recording an incident, Wiltshire Police do not have a specific field in which to indicate that it is relating to crop circles. To find the information that you have requested, we would need to manually peruse all criminal damage, suspicious incidents and anti-social behaviour incidents within the timeframe given. For context, this would be 4002 occurrences that we would need to read through. If you would like to speak to our media team, their contact details can be found using the following link:

[News | Wiltshire Police](#) with the email address at the bottom of the page:
presshq@wiltshire.pnn.police.uk

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it. Therefore the whole of the request falls under the exemption of section 12 of the Freedom of Information Act 2000.

Please note:

Keeping Wiltshire Safe

If one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Forces may use different recording systems; therefore it may be possible some Forces can provide this information where others cannot.

Ordinarily under our Section 16 obligation to provide advice and assistance we would advise you of a way to refine your request to a more manageable level. Due to the difficulties in obtaining the requested information, as outlined above, I cannot think of a way in which this could be achieved. In respect of other questions within your request, I cannot think of a way in which you would be able to refine these questions, as they may incite further exemptions dependent on what information we may or may not hold.

Section 17 of the Freedom of Information Act 2000 requires Wiltshire Police, when refusing to provide information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies. In accordance with the Freedom of Information Act 2000 this letter acts as a Refusal Notice for those aspects of your request.

Exemptions applied:

Section 12: Exemption where cost of compliance exceeds appropriate limit

Please contact me if you would like to discuss the withheld information.

Yours sincerely
