Our Ref FOI 2025-893

I write in connection with your request for information dated 16th September 2025, concerning recordings.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

You wrote:

- All officers' body cam recordings responding to calls of anti-social behaviour between August 2023 and August 2025.
- All cars' dash cam recordings responding to calls of anti-social behaviour between August 2023 and August 2025.
- All available video recordings from helicopters or drones linked to cases of anti-social behaviour between August 2023 and August 2025.
- Any 999 call recordings regarding calls of anti-social behaviour between August 2023 and August 2025.
- For each submission, provide information regarding the nature of the call with instructions or unique IDs to be able to link the video files to the description.

Our response:

The information you are requesting is not stored in a way which permits for easy retrieval. To establish whether any of the requested footage was linked to Anti-social behaviour incidents, would require a manual review of each incident, of which there are 8184 for the time period requested. To then check officers involved, their Bodycams, vehicles deployed, how the initial incident was reported which would all involve cross referencing with other systems. There is no way of retrieving this information from our systems in an automated manner.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and

Keeping Wiltshire Safe

in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it. Therefore the whole of the request should fall under the exemption of section 12 of the Freedom of Information Act 2000.

Please note:

If one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Forces may use different recording systems, therefore it may be possible some Forces can provide this information where others cannot.

Ordinarily under our Section 16 obligation to provide advice and assistance we would advise you of a way to refine your request to a more manageable level. Due to the difficulties in obtaining the requested information, as outlined above, I cannot think of a way in which this could be achieved.

Section 17 of the Freedom of Information Act 2000 requires Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12 - Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with section 17 of the Act, this letter represents a Refusal Notice for this particular request.

Please contact me if you would like to discuss the withheld information.

Yours sincerely

Force Disclosure Decision Maker

Wiltshire Police offers a re-examination of your case under its review procedure.
