Our Ref FOI 2026-037

Dear XXXXX,

I write in connection with your request for information dated 9th January 2026, concerning road and drink / drug driving offences. Please accept my apologies for the delay in responding to your request.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Following receipt of your request, research was conducted by the Business Intelligence and Justice Traffic departments at Wiltshire Police. Your request for information has now been considered and I am **not** obliged to supply the information you have requested.

Our response:

Section 1 of the Freedom of Information Act 2000 (FOIA) places two duties on public authorities. Unless exemptions apply, the first duty at s1(1)(a) is to confirm or deny whether the information specified in a request is held. The second duty at s1(1)(b) is to disclose information that has been confirmed as being held.

Whilst I can confirm Wiltshire Police do hold the requested information, section 12(1) of the FOIA states:-

Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

The information you are requesting - namely in relation to parts 2 (age / gender), 3 (location) and 4 (offence summary) - is not stored in a way which permits for easy retrieval. There is not a way to automatically extract the information requested in parts 2 and 3 of your request from our system. Whilst we can provide the number of drink / drug drive arrests, the occurrences pull through on the system as 'other incident non-crime'. Due to this, we cannot break the information down further without manually interrogating each 'other incident non-crime' occurrence recorded. This is also applicable to part 4 of this request, as every occurrence summary for each 'other incident non-crime' recorded in November 2025 would need to be manually interrogated since there is no way of extracting data relating to drink / drug drive offences; other than the arrest numbers. There would be thousands, if not tens of thousands, of records that would require a manual review. Even if only the drink / drug drive arrest data was used, this would still require a review of thousands of records.

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it. Therefore the whole of the request should fall under the exemption of section 12 of the Freedom of Information Act 2000.

Please note:

If one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Forces may use different recording systems, therefore it may be possible some Forces can provide this information where others cannot.

Ordinarily under our Section 16 obligation to provide advice and assistance we would advise you of a way to refine your request to a more manageable level. Due to the difficulties in obtaining the requested information, as outlined above, I cannot think of a way in which this could be achieved.

Although excess cost removes the Forces' obligations under the Freedom of Information Act, as a gesture of goodwill I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request. What I can provide you with is documented below:

Part one

- Total number of road offences recorded by your force in the past ten calendar years.
 - Please supply data in a month-year format if possible.

Please see the table at the end of this response letter. This data is for Fixed Penalty Notices only.

The exemption applicable to the information requested is:

Section 12 - Exemption where cost of compliance exceeds appropriate limit

In accordance with section 17 of the Act, this letter represents a Refusal Notice for this particular request.
