Our Ref FOI 2026/383

I write in connection with your request for information dated 20th April 2026, concerning reported sexual offences in retail spaces.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

You wrote:

Please provide aggregated data on recorded sexual offences occurring in retail premises within your police force service area.

For the purposes of this request 'retail premises' refers to commercial premises primarily used for the sale of goods to the public, including shops, supermarkets, and shopping centres.

Please provide the number of recorded offences per calendar year from 2016 to the most recent year

available.

Where held and within the cost limits set out, please provide the data broken down by:

- Type of sexual offence (in line with Home Office Counting Rules)

I am only seeking aggregated, anonymised data.

Our response:

The type of information you are requesting is not stored in a way which allows for easy retrieval. When recording a sexual offence, if the location is 'retail premises' the detail of the premises are likely entered into the crime report. There is a non-mandatory field for 'retail' which is inconsistently completed, therefore there is no way of retrieving accurate results from our computer systems relating to sexual assaults occurring in retail premises without manually interrogating every crime reported under Crime Group – Sexual Offences between 2016 – 2025, so that the relevant information can be extracted. For the period requested, there were 17,000 crimes reported under this crime group.

Keeping Wiltshire Safe

Under the circumstances I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it. Therefore, the whole of the request should fall under the exemption of section 12 of the Freedom of Information Act 2000.

Please also note that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Ordinarily under our Section 16 obligation to provide advice and assistance we would advise you of a way to refine your request to a more manageable level. Due to the difficulties in obtaining the requested information, as outlined above, I cannot think of a way in which this could be achieved.

Section 17 of the Freedom of Information Act 2000 requires Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12 - Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with section 17 of the Act, this letter represents a Refusal Notice for this particular request.

Please contact me if you would like to discuss the withheld information.

Yours sincerely
