Our ref: FOI 2026/538

I write in connection with your request for information dated 10/06/2026 concerning thefts from agricultural vehicles.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered, and I am able to respond as follows.

You wrote:

1. How many GPS (Global Positioning System) screens, domes and satellite guidance systems have been stolen from tractors and other agricultural vehicles in between 24 February 2022, and 10.06.26 (/ to date)?

A. Broken down by year

2. How many people have been arrested and convicted of the theft of GPS screens, domes and satellite guidance systems from tractors and agricultural vehicles between 24 February 2022, and 10.06.26 (/ to date)?

Response:

The information that you are requesting is not stored in a way which permits easy retrieval. Wiltshire Police record crime in accordance with current Home Office crime recording classifications. There is no crime classification specifically for theft from agricultural vehicles – these types of offences are crimed under 'other theft', therefore the only way to ascertain this information accurately would be to manually peruse each crime report of 'other theft' crimes for the period of time requested. There were 12,427 crimes recorded under 'other theft' in the period 24/02/22 and 10/06/26.

I am absolutely confident that to locate, retrieve and extract the information you seek would by far exceed the time obligations upon this authority to comply, and in so doing

Keeping Wiltshire Safe

would exceed the fees limits. This is set at £450 calculated at a flat rate of £25 per hour for those work activities comprising of confirming the information is held, locating it, retrieving it and extracting it.

Please also note that if one part of the request engages a Section 12 response, the whole request will engage a Section 12 response. The reason being is due to the fact that locating, retrieving and extracting any further information would only add to the already exceeded time obligations.

Ordinarily under our section 16 duty to provide advice and assistance, we would advise you how to refine your request to a more manageable level. However, due to the difficulties outlined above, I cannot see how this can be achieved in this particular case.

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12: Exemption where cost of compliance exceeds appropriate limit

(1) Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with Section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely
