Dear,

I write in connection with your request for information, dated 24th August 2026 concerning alcohol and drugs.

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Following receipt of your request, research was conducted by the Business Intelligence Department of Wiltshire Police.

Your request for information has now been considered and I am not obliged to supply the information you have requested.

You Wrote:

Under the Freedom of Information Act 2000, please provide the following for your Force, for each of the last three financial years (2023/24–2025/26):

Number of incidents where alcohol was recorded as a primary factor (i.e. directly caused the incident, e.g. drunk and disorderly, alcohol-related assault), and number where it was a secondary/contributing factor (e.g. noted as present in a domestic incident, ASB, or road traffic incident where it wasn't the primary offence).

The same primary/secondary breakdown for illicit drugs and, where distinguishable, misused prescription medication.

Of the incidents at points 1–2, the number that resulted in an arrest.

What system/field captures this (e.g. incident markers, qualifier codes, free-text logs) — and if points 1–2 aren't held in that exact form, please instead provide incident counts for the closest matching incident/qualifier codes (e.g. alcohol-related, drug-related, intoxicated person).

Keeping Wiltshire Safe

Response:

The information that you are requesting is not stored in a way which allows for easy retrieval and Wiltshire Police does not have the search facility to automatically gather this data. To clarify, our Business Intelligence Department have confirmed that although we do have incidents / crimes which are tagged with qualifiers for either alcohol or drugs, this is not mandatory and therefore to also identify any which are not tagged would require manually searching and reading each and every incident / crime for the requested time periods.

Due to this, it would exceed the 18 hour work limit to locate, retrieve and extract the information and therefore Section 12 applies.

Ordinarily under our Section 16 obligation to provide advice and assistance, I would advise you of a way in which to refine your request. However, due to the difficulties as outlined above, I cannot think of a way in which this could be achieved.

Section 17 of the Freedom of Information Act 2000 requires the Wiltshire Police, when refusing to provide such information (because the information is exempt) to provide you the applicant with a notice which: (a) states that fact, (b) specifies the exemption in question and (c) states (if that would not otherwise be apparent) why the exemption applies.

The exemption applicable to the information requested is:

Section 12: Exemption where cost of compliance exceeds appropriate limit

Section 1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

In accordance with section 17 of the Act, this letter represents a Refusal Notice for this particular request.

I am satisfied that all the relevant information has been passed to me, and been considered in the light of your request, within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours Sincerely,

Wiltshire Police offers a re-examination of your case under its review procedure.

Requests for review of a Freedom of Information request must be made in writing to the:

3. Review Procedure

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.
