Reply contact name:

I write in connection with your request for information dated 29th September concerning speeding offences

I am required by the Freedom of Information Act 2000 to handle all requests in a manner that is blind as to the identity and motives of the requestor. Any information released as a response to a request is regarded as being published and therefore in the public domain without caveat.

Your request for information has now been considered and I am able to respond as follows.

You wrote:

I would like to request information regarding speeding offences recorded by speed cameras within your Policing area during the calendar years 2023, 2024 and 2025.

I am particularly interested in the following areas:
- Sailsbury
- Swindon
Wiltshire (as a whole)

For each of these towns/cities, please provide the up to five individual speed camera locations which recorded the highest number of speeding offences during 2026 (year to date so far).

For each of these locations, please provide:
- The road name / location of the camera.
- The type of enforcement (for example fixed, mobile or average speed).
- The total number of speeding offences recorded at that location in:
--2023
--2024
--2025

-- 2026 (year to date so far)

The intention is to allow comparison of speeding detections at the same locations over the three-year period.

If readily available, I would also be grateful if you could provide, for the 2025 figures only, the number of recorded offences which resulted in:

- a fixed penalty notice;
- a speed awareness course; and
- prosecution/court proceedings.

Response:

Please see below

I am satisfied that all the relevant information has been passed to me and been considered in the light of your request within the time constraints applicable under the legislation.

Wiltshire Police would like to thank you for the interest that you have shown in the Force.

Yours sincerely

Force Disclosure Decision Maker

Wiltshire Police offers a re-examination of your case under its review procedure.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from Wiltshire Police, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing to the:

Force Disclosure Unit
Wiltshire Police Headquarters,
London Road, Devizes,
Wiltshire,
SN10 2DN

Email at disclosure@wiltshire.police.uk.

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Force Disclosure Unit within 20 working days of the Force's response to the original FoI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing to include confirmation of the reasons for the review. The review will be conducted by another Decision Maker, who is independent from the original Decision Maker. The Force Disclosure Unit will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to 40 working days.

The Independent Decision Maker will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the Independent Decision Maker will reply to the complainant with the result of the review. If the complainant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following details:
